This Approach to building an Online Business can be particularly Effective at Differentiating Yourself from Competitors in the Market if there is Heavy Competition.

On September 14, 2017, at Hôtel Plaza Athénée (PARIS) was announced the Findings of a Study undertaken by OXATIS & GOOGLE regarding Small Businesses Performances in E-Commerce.

- To sum up roughly, the most common Challenges faced by E-Commerce Small Businesses (in FRANCE) are usually :

- * Finding the Right Products to sell
- * Attracting the Perfect Customer
- * Generating Targeted Traffic
- * Capturing Quality Leads
- * Nurturing the Ideal Prospects
- * Converting Shoppers into Paying Customers
- * Retaining Customers
- * Achieving Profitable Long-term Growth
- * Choosing the Right Technology & Partners
- * Attracting and Hiring the Right People to Make it All Happen

E-commerce in Europe is Growing Exponentially, especially in the Southern Countries. The share of Consumers who Shop Online is highest in the Mature E-commerce Markets. But you can't say E-commerce isn't growing in Central and Eastern Europe. And of course, there is always a difference in Age Groups when it comes to Online Shopping. And despite all the efforts from the European Union, there are still Challenges Consumers face in their Online Shopping Experience. Most Complaints were about the Speed of Delivery, Technical Failures and Damaged Goods.... It is becoming Pivotal for Online Brands to keep their Customers engaged throughout the Entire Shopping Experience.... It is becoming Increasingly Important for Brands to Focus on the Online User Experience and create a Personalised Shopping Experience....

- To Sum Up roughly, the TRENDS in E-Commerce in FRANCE :

* As was the case in 2014 / 2015, Facebook is again the World's most popular Social Media Platform. Global Social Media Sites are Facebook, Tumblr, Instagram, LinkedIn, Twitter, Pinterest.

* Share and Growth of Online Devices : Smartphone, Mobile Phone, LCD TV, Mobile PC, Desktop PC, Wearables, Tablet PC,...

* Considering the Unit Sales, the Smartphones and Tablets that can be used for Online Shopping have penetrated a Huge Share of the Global Online Population.

* Detailed Popular Products Groups : Clothing ; Shoes & Lifestyle ; Media & Entertainment ; Home & Garden ; Information Technology ; Telecom ; Health & Beauty ; Household Electronics ; Food/Nearfood ; Toys ; Consumer Electronics ; Sports & Recreation.

* E-commerce enables Consumers to Easily Search, Compare and Review Products and Stores ; offers Consumers a Wider Competitive Selection of Goods and Services as well as more choice ; the Search for the Best Possible Prices.

* Small Businesses make their Website mobile-responsive and utilize integrated E-commerce Platforms.

* Small Businesses focus more and more on Customer Service and Support and re-evaluate and Customize the Return Policy.

* For Small Businesses planning on diving in to e-commerce, the First Step is to research and decide what Niche to attack. If you want to compete in today's Competitive e-commerce World, you need to build a Sustainable Brand. The Biggest Mistake is going after Catalog Depth instead of trying to Own a Buyer Persona.

* For Small Businesses, Customer's Loyalty is hard to come by, especially in the Online Age. Always be acquiring New Customers (this may include "joining" Competitors like Amazon marketplace at the point your offering is no longer Niche. It may be diversifying and expanding your Product offering ahead of the Competition.
